

The Forest View

VIEWS FROM THE DESK OF...

Dear Employees:

Yikes, as I am writing this message I am looking out my office window and the leaves are starting to turn color and the BMW golf Tournament is in full swing! Where did the summer go?

Let me thank everyone who helped out this year during one of the many events held in our community this past summer. Be it 4th of July, Lake Forest Days, 9-11 Ceremony, BMW, or the many other smaller festivals and activities within our community, they would not be so successful without all of your hard work. You are so good at what you do, it seems almost effortless to the residents.

I know that we grumble at the "state of our State", but after the past few weeks I am glad I work and live in this area.

The devastation in Houston, Florida or California helps put our issues and problems in perspective. I noticed that a lot of residents stopped complaining about the impact of our July 7 inches of rain, when Houston received over 50 inches! Many will also be experiencing first-hand the effects of Hurricane Irma on their second homes in Florida. My guess is that it will make them appreciate Lake Forest even more.

Thank you again and try and get out and enjoy the beautiful fall season.

Bob
